PROFESSIONAL EXPERIENCE

FULL-STACK DEVELOPER INTERN

BesantTechnologies Developed and maintained high-performance web applications using Python, HTML, CSS, JavaScript, React.js, and MySQL.Collaborated with a cross-functional team to troubleshoot issues, implement new features, and optimize performance. Contributed to enhancing application quality and workflow efficiency.

PROJECT

PROJECT: Sushi Delight- Restaurant Website Design using Html,Css,Javascript
YEAR:

DESCRIPTION: Developed a responsive restaurant website using HTML, CSS, and JavaScript, featuring a welcoming homepage with easy navigation to the menu and restaurant's story. The menu page highlights sushi dishes with vibrant images, while the cart page ensures a smooth checkout experience with a clean layout. Prioritized user experience through intuitive design and functionality.

PROJECT: Movie Ticket Booking System in MySQL
YEAR:

DESCRIPTION: Developed a Ticket Booking System to streamline ticket purchases, utilizing MySQL for efficient database management. Designed and implemented complex SQL queries to handle user interactions and booking processes, ensuring efficient storage and retrieval of movie and showtime information. Focused performance and enhancing the overall user experience.

PROJECT: Study Management System project using Python and Django
YEAR:

DESCRIPTION: Developed a Study Management System using Python and Django to help students organize and track their study schedules, assignments, and progress. Implemented user authentication, a dynamic dashboard, and integrated MySQL for secure data management. Focused on creating an intuitive interface and ensuring smooth functionality for an enhanced user experience.

ROLES AND RESPONSIBILITIES

I handled full-stack development tasks involving Python, Django, HTML, CSS, JavaScript, Reactjs, and MySQL. Contributed to projects such as an Expense Tracker and a Movie Ticket Booking system, focusing on both front-end and back-end tasks. Responsibilities included writing efficient code, troubleshooting issues, and optimizing performance. Collaborated with teams to ensure intuitive design and high-quality application delivery.
